

HOPE *foundation* school, Tannery Road, Bangalore

“I Have A Dream”

"If I were granted to have three wishes fulfilled than I will ask first that we can have three meals a day, second that we can have a nice house to live in and last that my dad to be at home." These are the words of 6 year old Sherly, a 1st grade student of HOPE *foundation* school. She loves to come to the school as it has lot of open spaces to play with her friends, nice teachers who smile at her and a good meal. Her house is a cramped space that she shares with her brother and sister. Her mother suffers from health complications since she tried to commit suicide by burning herself. Her father is a habitual drunkard but Sherly longs for those times when he is sober. When she grows up she wants to be a doctor, maybe to heal many like her mother. The school is her solace and you, the donors have made it possible.

“I am happy, I am a girl”

Ashwini and her three sisters grew up understanding their parent's frustration of not having a son. But Ashwini never lets the feeling of being a girl put out her zeal for life. She loves dressing up and looking pretty. "That's the best thing about being a girl", she says. Her family struggles to meet their ends. Dad works as an auto-rickshaw driver and mom sells incense sticks. There have been many days when she has gone empty stomach to bed. She is very grateful to the HOPE *foundation* school that provides a healthy meal to the students. At least she can be sure of one meal a day. She loves to come to the school and wishes that her school have higher secondary classes also, so that when she graduates from 7th grade she could continue to come our school.

Mission

Our mission, as a compassionate but non-sectarian international charity is to change lives by harnessing the compassion and commitment of dedicated staff and volunteers to deliver sustainable, high-impact, community-based services to the poor and needy.
